

# NEPA SERVICES

LATA has adeptly managed numerous Programmatic, Sitewide, Supplemental, and project-specific Environmental Impact Statements (EISs), Environmental Assessments (EAs), and other National Environmental Policy Act (NEPA) actions for federal agencies, including the Department of Defense and the Department of Energy. Our extensive portfolio includes support for new programs, construction projects, mission changes, property transfers, and various activities. Engaging in tasks ranging from wetlands delineations to traffic evaluations, noise analyses, and health risk assessments, LATA has also excelled in managing public outreach events associated with these impactful initiatives.

## AREAS OF EXPERTISE

- Wetland Jurisdictional Determinations and Delineations Throughout the U.S. for Federal, State, Local Governments and Private Industry
- Aquatic and Terrestrial Biological Surveys
  - » Biological Inventory
  - » Habitat Quality and Impact Assessment
  - » Biological Assessment
  - » Endangered Species Presence and Habitat Quality
  - » Ecological Risk Assessment
- Species and Plant Identification
- Human Health and Ecological Risk Assessments to support CERCLA, RCRA, brownfields and cleanup programs, risk-based closures, and regulatory programs
- Archaeological and Historic Structure Structures in Compliance with Sections 110 and 106 of the National Historic Preservation Act of 1966
